

## ***Credit***

Credits are used to modify the appearance of some of your personal pages, to add personal links to other applications and more.

They are also needed to, depending on your level of imagination and desire to participate, purchase the right to publish your own periodic challenge. In one of the four (4) categories, month, week, day or hour, tell us the challenge you would like to see published in the application. This challenge will be associated with you in the case of an excessive rivalry. Make your place, Choose your fights!

Credits can be earned (only by premium users) in periodic challenges and playoffs. All users can get them in the integrated purchases.

Have fun!
